

THE BISWASES

REACHING THE LOST IN
BANGLADESH WITH CHRIST'S
GOSPEL

April to June 2023 Update

Dear Pastor and praying friends,

Grace and peace in the name of the Lord Jesus Christ! How are you doing? We are trusting that all is well with you. Another quarter has passed and we cannot but thank God for His many blessings and deliverances.

- In April, another youth camp was held and this time it was in an Shiliguri, India. Joseph was assigned to help a few churches there organize their first-ever camp. By His grace, 40 campers decided to put their faith in Jesus as the only way to heaven among 150 campers.
- The highlight of April was the special celebration of Jesus' Resurrection in our church as it is unusual in Bangladesh for Sunday to be everyone's day off. On Sundays in Bangladesh, children go to school and adults go to work. Besides having a Sunday worship service, kids had a special Easter program to remember the importance of Jesus' resurrection In the afternoon until evening.
- In May, God helped Joseph and his team of camp staff were able to meet connections in Chittagong to arrange a Youth Camp in August. We praise God for the positive response of churches there who agreed to let CampsAbroad have a camp there.
- On the last Friday of June, we praise God for the four professions of faith in Jesus among the young people who came to our Youth Lunch Fellowship.

Some of our **prayer requests** remain the same:

- God's blessings upon the youth camps planned for the rest of the year: July 16-19, 2023 in Chittagong and another one in Shiliguri, India in August.
- Continued blessing upon our online Good News Club; spiritual growth of attendees; protection from attacks of Satan
- Spiritual growth of attendees of our Friday Morning Worship Service.
- Salvation of our neighbors: Rahman and Momtaz Families; also of Filipinas married to Bangladeshi Muslims and Catholics
- God's provision of grace and wisdom for Joanna and Nance's studies
- God's provision of about \$400 monthly for a decent place of worship since we meet at home to have our worship service.

Though we face uncertainty about the future, we remain confident that God will remain faithful in protecting, guiding, and providing for His children. Thank you so much for all your financial support and prayers. May God continue to meet your needs.

Reaching the lost in Bangladesh,
Joseph, Nance & Joanna Biswas

Reaching out to both locals and the Filipino community continues. Last June 30, there were four professions of faith during our Youth Lunch Fellowship. Our online Good News Club also continues. Kindly pray for the spiritual growth of those who professed faith in Jesus.

Through your prayers, about 40 souls professed faith in Jesus as their personal Savior among about 150 campers, last April 2023. We praise God for working in the hearts of the campers through the Holy Spirit.

While everyone looked forward to painting their own Easter eggs and playing games, we made sure the kids were reminded of the gospel and the importance of the resurrection of Jesus.

Our prayer for a needed worship place remains the same. There are available homes we can rent but as soon as the owners hear that it will be used as a place of worship, most of them reject our intention to rent their place. In the meantime, we meet to worship at our home on Friday mornings.

"I'm not afraid of failure. I'm afraid of succeeding at things that don't matter."
— William Carey
