

THE CAOILI'S

REACHING THE TIBETANS OF THE HIMALAYAS

3rd Quarter Update 2022

Dear Partners,

The Lord allowed us to fly out of the country for the first time since the Pandemic hit the world. Pastor Nap and Asian Grace Baptist Church invited us to Singapore for a time of fellowship and ministry. They arranged our schedule so we can report to our partnering churches and fellowship with some of the brethren there. We are thankful to the brethren for their warm heart in receiving us. We enjoyed the time of fellowship, soulwinning, and Bible studies plus the sightseeing.

One thing, that caught our attention is the great opportunity of sharing the Gospel in Singapore to many nationalities represented like people from mainland China, Myanmar, and other Asian countries. It's a strategic hub for missions. We saw the need of more workers and missionaries that will minister here in this wonderful country. Truly the harvest is plenteous but the laborers are few. Will you pray for more workers in Singapore?

TIBETANS IN THE HIMALAYA REGIONS

One day, we were in a mall to buy something when I encountered some Tibetans and had a chance to take a picture with one. I was surprised to see them in Singapore. The encounter was surreal as the Lord continue to remind me of His great love for the Tibetan people. The current Tibetan population is estimated to be around 6.7 million. In addition to the majority living in Tibet Autonomous Region of China, significant numbers of Tibetans live in the Chinese provinces of Gansu, Qinghai, Sichuan, and Yunnan, as well as in India, Nepal, and Bhutan.

We are praying to based ourselves in the city of Siliguri, West Bengal. This is called the chicken neck of India being sandwiched between the country of Nepal, Bhutan, and Bangladesh. From here, we can go to Nepal and Bhutan where Tibetans are located as well.

VISA UPDATE

My second student application attempt in a college in Siliguri was not accepted. Not giving up, we are considering for my wife, having better credentials, to apply. But if accepted, she needs to go ahead of us alone to have all documents ready and send it to us for our application as dependents. That will take a couple of months which is unsafe for her. We feel this would not be the way this time. Another option we have is to cross from India to Kathmandu, Nepal and situate ourselves there. We can enter as tourist all together and apply for a student visa which is allowed in Nepal but not India. Please pray with us for the Lord's direction on this matter.

BRETHREN IN CHINA

Our brethren in China continue to meet. Our brother Preacher Wai Leuk continues to lead them. Please continue to pray for their faith to grow and strengthened for the sake of souls there. I've lessened direct contact with our preacher due to high security risk in the mainland right now. But one member reported that they are well and two others joined them in their recent meeting.

FAMILY UPDATE

I praised God for the blessing of our children being exposed to mission works in the mountains and cities alike. Our trip in Singapore, the Northern part of Luzon, and the mountains of Nueva Vizcaya allowed them to see the Gospel preached and souls get saved in different occasions like Missions Conferences, funeral services, Bible studies, and personal soulwinning.

Due to our travels though, the speed of their school work completion somehow slowed down. Yet, we praise God still that they can continue

on anytime because they are home schooled. We continue to praise God that even they are out of the radar of Philippine education, they were able to acquire their Learner Reference Number (LRN)'s via Alternative Learning System (ALS) through the kindness and direction of a Christian brother who works in this government program. This is a required number for educational entrance here in the Philippines in the future.

FIELD PREPARATIONS

We acquired all our birth and marriage certificates from the government that we need. We are now getting all our documents apostilled in preparation for whatever requirement our new field will demand. May all be completed in time before the year ends.

We are thankful to the Lord for His continued provision and leading. Most of our major needs have been provided for. We are thankful for all the churches who are partnering with us for letting the Lord use them as a channel of His manifold blessings. Indeed, God never fails to prove Himself sufficient in supplying His work particularly in the spread of His name into all the world through His Gospel.

Thank you so much for all the years of partnership and for your faithful support morally, emotionally, spiritually, and financially. May the great Lord of heaven and earth bless you in return a hundredfold.

Your representatives,

The Caoili Family

Prayer and Blessing:

1. Evangelization of the Tibetans in the Himalayas.
2. God's guidance in what school my wife will enroll in.
3. Air Tickets for 5 (USD\$5000.00) \$2,000.00 remaining (Answered)
4. Children Educational needs USD\$2,000.00 (Answered)
